

Spring 2010

Richmond Nature Park School Programs

The following programs will be offered from April 6 to June 18, 2010.

Signs of Spring (Grades K-1, 90 min)

Watch a puppet show, then take a guided outdoor walk to experience the sights, sounds and smells of spring.

Bees in the Bog (Grades K-1, 90 min)

Short Play with Betty Bee and Darwin. Then take a guided outdoor walk and look at the honeybees in the observation hive.

Programs we normally run in the winter...

are available upon request.

- Snakes and Frogs
- Mammals Like Me
- Love the Planet You're On

Please note that these are mostly indoor programs.

To book, or for more information, please call us at (604) 718-6188 or visit us online at www.richmondnatureparksociety.ca

Spring 2010

Native Plants (Grades 3-4, 90/120 min)

Learn about traditional uses of native plants by First Nations people. Illustrated talk, interpretive walk and creative activities.

Hands on Habitat (Grade 2+, 90/120 min)

How have the many plant and animal communities in the bog adapted to its often harsh conditions? This hands-on program suits any grade if you don't mind them getting their hands dirty!

Nature Detectives (Grades 2-3, 90 min)

Attend Nature Detective School. Sharpen your senses and try to solve a natural mystery. Guided outdoor walk with "Detective kits."

Les programmes en français

On espère qu'il sera possible d'offrir les programmes en français cette année.
